

2020 Dues Structure

This year we are going to have a Cannon Golf Club Stock certificate drive. As many of you are aware that this club is owned by the members who have at least 2 shares of stock. For many years the only reason to purchase stock was to serve on the Board of Directors or to give to the club as a donation. We are trying to give incentives to buy stock certificates for the 2020 season to help revitalize the membership of stockholders here at Cannon Golf Club. The following are going to be available to all stockholders with at least 2 shares of stock.

- discount on membership dues
- Ability to be a full voting member
- Ability to serve on the Board of Directors
- 10% off all Merchandise purchased in the golf shop

New Stock purchases for 2020 will include the following options in addition to the above options

- \$100 discount on Cart lease, Shed fees, or Offsite cart fees for 2020
- Free Range membership for 2020 (\$285 value)

Stock pricing is \$800 for 2 shares of stock. With the incentives, a stock purchase would pay for itself in a little less than 5 years. This is a good way to become a part of the future of Cannon Golf Club.
